Why are shipping locked in WebEDI?

Thomas Gries / 7/17/2006 12:05 PM

Shipping locked

Created shipments in WebEDI are locked, when the user was disconnected from the WebEDI system by timeout or the session was not finished be lock out.

After reconnecting to the system, the shipment is locked:

Open shipments sorted by delivery date		↓ Sent shipments
Plant	< All >	Unloading point
		< All >
 BN01	Werk Bietigheim Wischer	WMUT2

The shipment could be changed and finished after the lock time of 30 minutes.
